11.	Sponsorships / Fund Raising for the 2011 team	 The entry fees for the WC are E2200 (22kR). John to approach SAMAA for bigger contribution seeing that team funding is not proportional to the size of the Aerobatics Interest Group. SAAMA contributed 20k previous year. John asked for member donations but nothing was received to date. MAASA budget 10KR for team. FC to contact Ian Pepper for possible sponsorship. 10kR was budgeted for the NATS. Should it not be needed, the request to increase the MAASA grant to the F3A team will be tabled at the AGM for consideration. John spoke to Julian at Redipak for possible sponsorship. Redipak have agreed to sponsor an 8 Channel Futaba radio set which will be raffled as part of the fund raising for the team. 	Info	
		 Wolfgang Matt MAASA budgeted 5kR towards the travelling expenses and to host Wolfgang Matt at this year's Nats MAASA needs to raise another 4kR towards Wolfgang's travelling expenses. The GAA is busy with a proposal to raise more funds to finance the shortfall. John will speak to Wolfgang to determine what he would be prepared to do i.t.o. coaching, seminars, one on one training sessions at a price, demo flights for each class at the NATS etc. Any suggestions and contributions are welcomed. 12.	Membership renewal	 The following pensioner membership applications were received: John Clements – Pensioner over 60 years Linton Milner Fred Wilkinson Scores will only be processed if the membership fees were paid up <i>prior</i> to the event i.e. deposited into the MAASA bank account. Regional Reps can check with Bertie whether membership fees were received prior to a contest. Also need to ensure that SAMAA membership is up to date. Andre' to send Membership Renewal reminders to all regional reps. 	Andre'	
13.	General	2011 Team Reserve Members Andre' to send the F3A Team Declaration to Danie Potgieter, Dean Grobbelaar and Walter van Huyssteen for them to formally accept or decline the Declaration. Transformation and Development There is an extensive program to attract disadvantaged people to Model gliding which is funded by proceeds from the LOTTO. Some of these modellers have progressed to full size flying. There has been some interest shown in Model Aerobatics by this group but MAASA members need to get involved i.t.o. training & seminars to promote the sport. Money for equipment, travelling etc will be made available, provided records, logs and reports are kept as proof of involvement in promoting the sport. We need to be seen to be contributing and assisting in this program. If MAASA does not get involved, we may be penalized as the government is becoming more involved.	Andre' All	
		Stuart Nix, Nazeem Harris and Christo Rust have taken a lot of initiative in the Western Province in hosting a clinic.		

Ref	TOPIC	DISCUSSION	ACTION BY:	WHEN
		Airspace Draft Plan An Air Space draft plan for air space utilization has been drawn up and SAMAA is negotiating to secure airspace for Aero modelling. Currently the general ceiling is 400ft. Only flying at registered fields is permitted, legally and for insurance purposes. Pilots not complying with the regulations could be prosecuted. More government monitoring of our activities can be expected. For these reasons, comps need to be registered with SAMAA and the necessary approval obtained from them before events. John B. has requested blanket permits for the year and will advise outcome.		
		MAASA website The MAASA website is maintained by John Godwin. He is very supportive and is quick with updates. FC to discuss the possibility of modernizing the website with John.	FC
