

HRF
HOW CLOSE CAN THE SCORES BE 22 APRIL

A good entry of ten pilots look forward to a great event at HRF.

With two leagues behind us the competition is getting close.

Sportsman entries, Jack and André are very close, it's hard to guess a winner as there scores are very close and André despite not having a 2m plane is keep a close eye of Jack.

Advanced entries where this time joined by Pieter, which after his first disastrous round 1, no idea what happened but I'm sure the caller blames the pilot, and the pilot blames the caller, anyway despite that Pieter won the next two rounds ahead of an ever improving Michael and Jacques. Michael almost into the sixties and Jacques breaking into the fifties and winning the final round to end second. Michael had to abandon the event after the second round, shame he had some good scores.

Masters regulars saw Stuart winning the first three rounds, although just ahead of Gerhard who in fact won the fourth round and the class. Enrie had a close call on his second flight, running low on battery power did manage to land safely but decided to withdraw for the next two rounds. Rodney was consistent, mid to high fifties and was ahead of Cobus on the first three rounds but because he didn't fly the fourth round, (like Stuart) and Cobus did, was relegated to fourth.

MAASA decided to look into the scoring program for the rest of the season so this doesn't happen again.

Anyway despite that the event was one of the best for a while, great weather and competition, looks like the rest of the season is going to be a real cracker and to include Retro Pattern.

Thanks to the usual judges and officials for the event.
